

It has come to our attention that someone, posing as a P&G Mehoopany Employees Federal Credit Union employee, is calling members, claiming that the credit union is changing account numbers from ten to twelve digits. The caller then requested that the member update their information with us. The caller ID came up as “unavailable”.

**DO NOT GIVE YOUR INFORMATION!**

If you receive a call from someone at the P&G Federal Credit Union, get the name and number of the person and tell them you will call them back. Call the credit union yourself at 836-3227 and verify the name and number with one of the employees at the credit union. BE SAFE!

Thank you.
